

InkReady

Daily Cleaning & Infection-Control Checklist

Run at opening, between clients and at closing.

Between every client

- New single-use needles/tubes opened in front of client
- Barrier film replaced on machine, clip cord, surfaces
- Work surfaces disinfected
- Hands washed, fresh gloves

Opening / closing

- Surfaces & floors cleaned
- Sharps bin under three-quarters full
- Hand-wash station stocked (soap, towels)
- Autoclave run/checked (if reusing instruments)
- Waste segregated for collection
